Re: Andersen v. British Airways et. al.

To Whom It May Concern:

I am writing to ask permission to submit Exhibit L of my complaint (the rest of which I sent to the clerk by email today) as a sealed document. It contains several deposition transcripts, some portions of which are privileged because they contain material that is protected under NYMHL §33.13. I would like to upload them by ECF after the complaint is filed so that I can avoid unnecessary sharing. They are large files so the clerk would not be likely to accept them by email anyway.

Thanks in advance for your cooperation.

Sincerely,

A handwritten signature in black ink, appearing to read 'Lauren Andersen', with a long horizontal flourish extending to the right.

Lauren Andersen
